

**Legal aspects of standardisation in
the Member States of the EC and
EFTA**

Volume 1

Comparative report

Harm Schepel, Josef Falke

Contents

List of Tables.....	XV
Abbreviations.....	XVII
0. Introduction.....	1
1. The European and International Context for Standardisation Activities in the EC and EFTA Member States	3
1.1 European Standards Bodies - Organisational Aspects.....	3
1.1.1 CEN.....	3
1.1.2 CENELEC.....	6
1.1.3 Technical Bodies of CEN and CENELEC.....	8
1.1.4 ETSI.....	10
1.1.5 Co-operation between CEN, CENELEC and ETSI.....	15
1.2 General Principles for the European Standardisation Work.....	16
1.3 The New Approach to Technical Harmonisation and Standards - A Political Concept and its Implementation.....	22
1.4 The International Context.....	35
1.4.1 Co-operation with the International Standards Bodies.....	35
1.4.2 WTO-Agreement on Technical Barriers to Trade.....	41
1.5 Some Empirical Data on the Development of Standardisation Activities on National, European and International Level.....	43
2. National Standards Bodies.....	55
2.1 Community Law Requirements on National Standardisation.....	55
2.1.1 Free Movement of Goods.....	55
2.1.2 Competition Law.....	59
2.2 Organisational Structure of National Standards Bodies.....	61
2.2.1 Separation of the Electrotechnical Sector.....	61
2.2.2 Legal Forms of Standards Bodies.....	62
a) Public Agencies and Similar.....	62
b) Foundations and Similar.....	63
c) Associations.....	64
aa) Members.....	64
bb) General Assembly.....	65
cc) Management Board.....	65
dd) Presidents, Managing Directors, Secretaries-General, etc.....	66
2.3 Regulatory Instruments and Public Policy.....	68
2.3.1 Public Bodies Regulated by General Standards Law.....	68
2.3.2 Private Bodies Regulated by General Standards Law.....	71
2.3.3 Private Bodies with Contractual Relations to the State.....	76
2.3.4 Private Bodies under Indirect Regulatory Supervision.....	78
2.3.5 Unregulated Private Bodies.....	79
2.4 Membership of NSOs in the European Standards Bodies.....	84

2.5	Existence and Co-ordination of Several Standard ¹ ? Bodies in certain Economic Fields.....	87
2.6	Financing of the Standardisation Work.....	89
3.	Definition and Classification of Standards.....	91
3.1	Definition of a Standard.....	91
3.1.1	General Definitions.....	91
3.1.2	Sectorial Deviations.....	94
3.2	Classification of Standards, Standards Catalogue.....	95
3.3	The New Variety of the Products of the European Standards Bodies.....	96
4.	Development of Standards at the National Level.....	101
4.1	Sequence of Activities.....	101
4.2	Participation of Trade Unions, Consumer Organisations, Environmental Groups or other Public Interest Organisations.....	111
4.2.1	Participation of Consumer Organisations.....	112
4.2.2	Participation of Trade Unions.....	122
4.2.3	Participation of Environmental Groups.....	125
4.3	Participation of Representatives of other Nationalities.....	127
4.4	Updating of Standards.....	129
4.5	Abolition or Annulment of a Standard.....	131
5.	National Standardisation Activities in the European and International Context.....	135
5.1	National Standards Bodies' Obligations under CEN/CENELEC and ETSI Rules.....	135
5.2	Forms of Involving the National Partners in European and International Standardisation Work.....	140
5.3	National Input into the Standardisation Activities at the International and European Level.....	142
5.4	Incorporation of European and International Standards in the National Repository.....	150
6.	Public Access to Standards.....	161
6.1	Publication of Standards.....	161
6.2	Legal Requirements Regarding Access to Standards.....	164
7.	Standards and Copyright.....	167
7.1	At the European Level.....	167
7.2	At the National Level.....	169
8.	Intellectual Property Rights in Standards.....	175
8.1	At the European Level.....	175
8.2	At the National Level.....	178
9.	Standards, Legislation and Regulation.....	181
9.1	The Legal Status of Standards <i>Per Se</i>	181
9.1.1	Standards as Public or Private Acts.....	181

9.1.2	Rendering Standards Obligatory under General Standards Law.....	182
9.1.3	Incorporating the Text of a Standard in the Regulation.....	184
9.1.4	Standards Adopted as Other Regulatory Instruments.....	185
9.2	Reference to Standards in Legislation.....	185
9.2.1	Typology of Reference to Standards.....	185
9.2.2	Strength of References: Obligatory or Voluntary Nature of Standards.....	186
9.2.3	Precision of References: Delegation of Legislative Competences?.....	187
9.2.4	References to Foreign and International Standards.....	190
9.2.5	References to European Standards.....	192
9.3	The Status of Harmonised Standards.....	192
9.3.1	Role of Harmonised Standards.....	192
9.3.2	Publication of References to Harmonised Standards.....	192
9.3.3	Control of Harmonised Standards.....	193
9.3.4	Safeguard Clauses.....	195
9.3.5	Voluntary or Obligatory Nature of Harmonised Standards.....	196
9.4	Deviation Clauses.....	198
10.	Between Law and Technology: Good Practice, Standards, State of the Art .	199
10.1	The Role of Standards in Connecting the Legal and Technical Spheres.....	199
10.2	The Role of Standards in Substantiating Blanket Clauses in Community Law.....	199
10.3	Translating Blanket Clauses of Community Law.....	202
