I. Report of the meeting	7
Conclusions with draft recommendation	10
Rapport de la réunion	14
Conclusions et projet de recommandation	17
II. Contributions/Communications	21
- Conservation of lakes and ponds in Norway: site evaluation using aquatic molluscs, by Jan Økland and Karen Anna Økland (Norway)	21
- Small water bodies: a neglected resource for aquatic invertebrate conservation, by Antonio G. Valdecasas, Ana I. Camacho and Elisa Bello (Spain)	25
- Preserving ecological processes, a strategy for biological conservation in fluctuating environments, by Angel Baltanás, Carlos Montes and Alvarez Martinez Marcos (Spain)	28
- Conservation interest of alluvial flood plains for aquatic invertebrates, by Petr Obrdlik (Germany)	32
- Bilan des études sur les invertébrés aquatiques et peri-aquatiques en France, par Jacques Lhonoré	35
- The recognition of sites of international importance for protection of invertebrates, by Martin C.D. Speight (Ireland), Ian F.G. McLean (United Kingdom) and Pierre Goeldlin de Tiefenau (Switzerland)	39
- La gestion des milieux humides : le cas des hétéroptères, par Charles Gaspar et J.L. Hemptinne (Belgique)	43
- The estimated dependence of invertebrate communities by similarity tests in three raised peat bogs in the Romanian Eastern Carpathians, by Viorel Stefan (Romania)	47
- Conservation needs of threatened European non-marine molluscs with special reference to wetland species, by Susan Wells and June Chatfield (United Kingdom)	49
- Les papillons diurnes des zones humides européennes : biogéographie, menaces, mesures de protection, par Marc Meyer (Luxembourg)	52
- Optimisation of wetland management for the conservation of dragonflies (Odonota), by Jan van Tol (The Netherlands)	62
- Conservation challenges taxonomy - the problems of conserving geographical or ecological variation, by Helena C.G. Ross (United Kingdom)	68
- Monitoring and conservation of land molluscs in Finnish wetlands, by Ilmari Valovirta (Finland)	69
- Artificial wetlands and their capacity for sewage treatment, by John Butler and Robert F. Loveridge (United Kingdom)	71
