Contents	v
List of Tables	ix
List of Figures	xiii
Foreword	xv
Preface and Acknowledgements	xix
List of Contributors	xxiii
Editors' Preface	xxxi
<i>Chapter 1</i>	
INTRODUCTION	1
The Events Leading to the Stockholm Conference	4
The Stockholm Conference	6
The Stockholm Action Plan	8
Developments since the Stockholm Conference	11
References	17
<i>Chapter 2</i>	
ATMOSPHERE	19
The Atmosphere and Climate	22
Atmospheric Trends over Recent Decades	30
Observed changes in Climate over the Past Decade	51
The Impacts of Climatic and Atmospheric Changes on Man	57
Future Prospects	64
References	67
<i>Chapter 3</i>	
THE MARINE ENVIRONMENT	73
The Physical, Chemical and Biological Features of the Oceans	75
The State of the Marine Environment in the 1970s	78
The Use and Conservation of Marine Resources	98
International Action for Environmentally Sound Marine Development	105
Future Prospects	109
References	112
<i>Chapter 4</i>	
INLAND WATERS	121
Water Quantity. Supply and Demand	124
Changes in Water Quality	139
Changes in Fresh Water Biota	152
Major New Water Bodies	156
Planning, Legislation and Shared Water Resources	158
Future Prospects	161
References	164

		Page
<i>Chapter 5</i>	LITHOSPHERE	171
	The Geological Background	174
	The Occurrence and Nature of Mineral Resources	177
	Production of Minerals	183
	Environmental Impacts of Mineral Production	184
	Selected Trends and Issues in Mineral Resources in the 1970s	188
	Geological Hazards	199
	References	206
<i>Chapter 6</i>	TERRESTRIAL BIOTA	209
	Changing Impact of Man	212
	The Biomes of the World	217
	Zonobiomes and their Changes during the Decade	218
	Recent Actions to Conserve Terrestrial Biota	230
	Future Prospects	241
	References	245
<i>Chapter 7</i>	AGRICULTURE, FORESTRY AND THE ENVIRONMENT	249
	Agricultural and Forest Productivity	252
	Changes in Bioproduative Systems	265
	Environmental Effects of Agricultural Chemicals and Pollutants -	277
	Losses in Food Production	286
	Future Prospects	290
	References	293
<i>Chapter 8</i>	POPULATION	299
	Demographic Trends of the 1970s	301
	International Migration	316
	People and Food	318
	People, Resources, Environment and Development: a Broadened View	320
	References	325
<i>Chapter 9</i>	HUMAN SETTLEMENTS	327
	Changes in Settlement Patterns	330
	Impacts of Urbanization	338
	Conditions of the People	341
	Public Action	345
	Future Prospects	352
References	354	
<i>Chapter 10</i>	HEALTH AND THE ENVIRONMENT	357
	Changes in Communicable Diseases During the Decade	363
	Pollution and Health	372

		Page
	Cancer and Environmental Exposure	380
	Nutrition and Health	386
	Diseases Associated with Life-styles	391
	Mental Health and the Environment	394
	Future Prospects	396
	References	399
<i>Chapter 11</i>	INDUSTRY	405
	Development of Environmental Concerns in Industry	408
	Developments in the 1970s	412
	A Cross-sectoral Overview	421
	Changes in Economic and Political Factors	428
	Environmental Considerations in the Location of Industry	438
	Future Prospects	440
	References	444
<i>Chapter 12</i>	ENERGY AND THE ENVIRONMENT	447
	Energy Consumption and Economic Growth	449
	Energy and Environment	466
	Energy Conservation	487
	Future Prospects	489
	References	493
<i>Chapter 13</i>	TRANSPORT	499
	Transport Modes and Systems	501
	Trends in Transport during the 1970s	503
	The Impact of Transport on the Environment	517
	The Regulation and Management of Transport	530
	Future Prospects	537
	References	539
<i>Chapter 14</i>	TOURISM	543
	World Trends	545
	Economic and Cultural Aspects	549
	Environmental Aspects	552
	Future Prospects	555
	References	558
<i>Chapter 15</i>	ENVIRONMENTAL EDUCATION AND PUBLIC UNDERSTANDING	561
	Environmental Education at the Pre-Primary and Primary Levels	567
	Environmental Education at the Secondary Level	563
	Environmental Education at the University and Professional Level	570
	Teacher Training	574

	Page
	576
	579
	585
	587
<i>Chapter 16</i>	
PEACE AND SECURITY	591
Environmental Impacts of War	594
The Environmental Hazards of Possible Future Wars	605
The P-esponses of the International Community	610
Future Prospects	613
References	616
<i>Chapter 17</i>	
CONCLUSIONS	621
Index	633
