INTRODUCTION	27
IN THE ACADEMY OF TRADITIONAL MEDICINE AT PEKING	31
The Institute of Internal Medicine (32) Institute of Surgical Research (35) The Institute of Acupuncture and Traditional Surgery (36) The Pharmaceutical Research Institute (38) Academy of Medical Sciences (42) Peking Union Hospital (44) Short History of the Hospital (46) Peking Medical College (46) History of College (47) The Syllabus and Courses (47) Peking College of Traditional Medicine (48) Laboratories and Museums (49) Tung Jen Tang Factory of Herbs (49) Third People's Hospital (50) Peking Children's Hospital (51) The College of Traditional Medicine, Nanking (52) Hospital attached to the College (54) Hospital Attached to October People's Commune (56) The College of Pharmacy (57) Kwangtzu Hospital, Shanghai (60) Sixth People's Hospital (62) Clinic of Traditional Massage (62) Sing-Yi Pharmaceutical Factory (64) Medical Instruments and Equipment Factory (65) Chichang Models Factory (67) The College of Traditional Medicine, Canton (68) Other Colleges of Chinese Medicine (73) Courses of Study in Colleges of Chinese Medicine (74) Courses of Study in Colleges of Modern Medicine (77) Peking College of Traditional Medicine (77).	
CHINESE ACADEMY OF MEDICAL SCIENCES	80
Institutes (81) Hospitals (82)	
CHINESE MEDICAL ASSOCIATION	83
COOPERATIVE MEDICAL SERVICE IN CHINA	91
Deep-rooted among the masses (91) Praised by the poor Peasants (92) Self-reliance, Diligence and Thrift (96) Popular Participation (97)	
THE PRINCIPLES OF YIN AND YANG	100
THE DOCTRINES OF FIVE	102

THE CHINESE MEDICINE THROUGH THE AGES		106
Historical Perspective (106) The Legendary Age (108) Superstition and Magical Practices (110) Religious Beliefs (112) During First Three Organised Dynasties (112) Hsia Dynasty (113) Chou Dynasty (114) The Warring States (114) Ch'in Dynasty (116) Han Dynasty (116) The Barbarian Conquest (118) T'sin (Chin) Dynasty (118) Later Dynasties (119) Sui Dynasty (120) Tang Dynasty (121) Disintegration into Five (123) Sung Dynasty (123) Yuan Dynasty (Mongol Sway) (125) Ming Dynasty (127) Ts'ing (Ching) Dynasty (129).		
STATE ORGANISATION OF MEDICINE IN CHINA		131
RECIPROCAL IMPACT ON CHINESE MEDICINE	13	5
A GENERAL SURVEY OF TRADITIONAL CHINESE MEDICINE		150
TRADITIONAL CHINESE MEDICINE IN THE TREATMENT OF BURNS		154
For Extensive Full-Thickness Burns (154) Prevention of Early Septicemia (155) Prevention of Complication of Visceral Organs (156) Timely removal of Eschar and immediate complete coverage of burn wound by skin grafting (157) Artificial skin in deep burn management (159) Clinical data (159) Method of Application (160) Severe Dorsal Contracture of burned hands (161) Material and Result (162) The Deformity (162) Method of repair (164).		
WESTERN MEDICINE IN CHINA		169
Before the Revolution 1800-1911 (169) After the Revolution 1911-1949(175).		
TREATMENT WITH COMBINED USE OF TRADITIONAL CHINESE AND WESTERN MEDICINE		193
Of Chronic Nephritis (193) Material and Methods (193) Therapeu- tic results (195) Discussion (196).		
RECORDS OF NERVOUS & MENTAL DISEASE IN TRADITIONAL CHINESE MEDICINE		200
Tsin and Tang Dynasties 265-907 A.D. (201) Sung, Chin and Yuan Dynasties 960-1368 A.D. (203) Ming and Ch'ing Dynasties 1368-1911 A.D. (203).		
TRADITIONAL CHINESE MEDICINE IN THE TREATMENT OF THROMBO ANGITIS OBLITERANS		205
Clinical Material (205) Treatment (206) Results of Treat- ment (208) Results of Follow-up (210)		
TREATMENT OF SUDDEN DEAFNESS WITH RADIX PUERARIAE		214
Cause of sudden deafness (214) Results of Treatment (217) Discussion and Conclusions (218) Summary (221).		
CANCER RESEARCH WORK IN CHINA		223
BOOKS AND DOCUMENTS		230
SOME CASE HISTORIES IN CHINESE MEDICINE		250
From the Records of Hua To (251) From the Records of Wang Tao (252) From the Records of Chu Chen-Heng (252) From the		

Records of Li Shih.-Chen (253) From the Records of Shen Chih-Wen (253) From the Records of Chang Chieh-Pin (253) From the Records of Kao Yung-En and Sui Shu-Ching (254).

CHINESE PHARMACOLOGY, PHARMACY AND MATERIA MEDICA	261
Compendium of Materia Medica (262) Canon of Materia Medica (264).	
BOOKS ON PRESCRIPTIONS	266
A TRADITIONAL MEDICINE SHOP	268
HERB GARDENS	269
PRESCRIPTIONS OF 2,000 YEARS AGO	270
CHINESE DRUGS IN GENERAL USE	271
Drugs of Vegetable Origin (271) Herbs for Cardiac and Circulatory Disorders (271) Diuretic Herbs (272) Sudorific Herbs (272) Herbs for Treating Open Sores (272) Herbs for Cough Remedies (272) Styptic Herbs (273) Tonifying Herbs (273) Restorative Herbs (273) Sedative Herbs (274) Vermicide Heibs (274) Antitoxic Herbs (274) Desensitizing Herbs (275) Herbs for Disorders of the Stomach (275) Herbs Encouraging Metabolism (275) Spasmolytic Herbs (276) Anti-Inflammatory Herbs (276) Herbs Affecting the Central Nervous System (276) Herbs Affecting the Endocrine System (276) Herbs used against Tuberculosis (277) Herbs used agains Kidney Diseases (277) Herbs used against Asthma (277) Herbs used against Arteriosclerosis (278) Herbs used as External Cure for Cataract (278) Drags of Mineral Origin (278).	
RESEARCH WORK ON HERBAL MEDICINE	280
Medicines for the Countryside (282) Medical Herbs in Hupeh (284) Healing Serious Cuts with Herbs (285) Drastic Price-cuts on Medicine (285).	
COMMON FOLK MEDICINE	287
THE DRJRETIC EFFECTS OF SOME CHINESE DRUGS	290
Methods of Study (290) Results (291) Discussions (292)	
SUBSTANCES AND PLACES OF HERB PRODUCTION	295
Roots (295) Barks and Husks (295) Twigs and Leaves (295) Flowers (295) Seeds and Fruits (296) Grasses (296) Sundries (296).	
CAUSES OF ILLNESS AND THEIR PREVENTION	298
CLINICAL AND EXPERIMENTAL STUDIES OF URETERAL STONES	303
MEDICAL EXPERIMENTS ON ANIMALS IN CHINA	308
Methods (308) Results (312) Pharmacological Study and Clinclal Observations on Han Chi Sung (324) Pharmacological Study (325) Clinical Applications (330) Inhibitory Effect Produced by Stimulation of Cat (323) Methods (333) Results (333) Discussions (337) In Treatment of Experimental Schistosomiasis Japonica (339) Experimental Methods and Results (339) Discussions (346).	
OPHTHALMOLOGY IN TRADITIONAL CHINESE MEDICINE	348

TREATMENT OF EYES BY MODIFIED	
TRADITIONAL CATARACTOPIESIS	360
Operative Procedure and Nursing Care (360) Results of Treatment (363) Follow-up Results (365) Discussion (369).	
RESEARCH OF TRACHOMA ENTERS A NEW	
STAGE IN CHINA	372
China's Discovery Recognized (373) Many Failures (373) Final Proof (374).	
ANAESTHESIOLOGY	376
ANAESTHESIA ON PATIENTS IN SHOCK	379
Clinical Data (379) Discussion (383) Case Reports (384)	
AN ANAESTHETIC METHOD COMBINING THE	
TRADITIONAL AND WESTERN MEDICINE	388
Effectiveness of Acupuncture Anaesthesia (390) Factors Influencing the Effectiveness of Acupuncture Anaesthesia (393) Advances and Problems of Acupuncture Anaesthesia (398) Preliminary Neurophysiologic Investigations Concerning the Mechanism of Analgesia by Acupuncture (399) Summary (402).	
ACTION OF THALAMUS IN THE PROCESS OF	
ACUPUNCTURE OF ANALGESIA	404
Introduction (404) Methods (407) Results (409) Effect of morphine on response of parafascicular neurosis (418) Inhibition of pain discharge of thalamic neurons by innocuous stimuli (423) Spontaneous rhythmic discharges of neurons in nucleus parafascicularis and the inhibition thereof by somatic afferents (429) Discussion (435).	
AFFERENT PATHWAY FOR ACUPUNCTURE	
ANALGESIA	442
Methods (442) Results and Comments (443) General observations concerning the analgesic effect of acupuncture (449).	
CHINESE SURGERY THROUGH THE AGES	452
Ancient History (452) Taboos for Dissection (452) Concepts of Anatomy and Physiology (454) The Picture Roll of Anatomy (455) Father of Chinese Surgery (461) Western Influence on Chinese Surgery (462) After the Revolution (463) During the communist Regime (464).	
REPLANTATION OF SEVERED FINGERS	466
SURGICAL AND MEDICAL INSTRUMENTS	473
Aid to Diagnosis (473) Infant Resuscitation (474) Non-traumatic Needles (474) June—26 Medical Instalments (474) Equipment for the Peasants (475).	
BOOKS AND DOCUMENTS ON SURGERY	476
First Illustrated Book (476) Book on Tumour, Ulcers and Boils (476) Book on Treatment of Bones (477) Book on Eye Operation (478) More Books on Surgery (478).	
DIFFERENT KINDS OF SURGICAL OPERATIONS	480
Abdominal Surgery (480) Thoracic Surgery (484) Urologic Surgery (486) Orthopaedics (488) Neurosurgery (490) Plastic Surgery (491).	

CHINESE MEDICINE BALANCED FOR OPEN	
HEART SURGERY	495
Methods and Course of Anaesthesia (495) Discussion (497).	
ARTIFICIAL PLASTIC JOINTS	500
Clinical Data (500) Report of Cases (501) Operative Technique (502) Reactions (503) Complications (504) Models (506) Discussion (506).	
SOME CASE HISTORIES IN CHINESE SURGERY	509
Salvage of the Forearms (510) Restoration of Amputated limbs (517) Amputated Leg Rejoined (518) Rupture of the Oesophagus (520) Removal of Lung under Anaesthesia (521) A Standard of Achievement (522) Treatment of Saddle Nose (523) Right Foot on Left Leg (524) Removal of Brain Tumour (526) Treatment of Carcinoma of Vulva (527) Treatment of Hands after Burns (529) Abdominal Pregnancy (530) Rupture of the Triceps Brachii Tendon (531) Sarcoma of the Prostate (532) Vena Cava Syndrome Treated (533) The Greatest Miracle in Surgery (534) True Hermaphroditism (539) Transplantation of Severed limbs (541).	
REACTIVE RETICULOSIS	543
Discussion (547)	
MASSAGE	551
PHYSICAL THERAPY	560
RESPIRATORY THERAPY	562
ACUPUNCTURE & MOXIBUSTION	570
Introduction (570) Acupuncture—Origin and Philosophical Basis (571) Historical and Documentary Perspective (573) Acupuncture Needles and Their Use (575) The Concept of Energy (583) The Theory of Meridians and Collaterals (584) The lung meridian of hand—Taiyin (586) The large intestine meridian of hand—Yangming (588) The stomach meridian of food— Yangming (588) The spleen meridian of foot—Taiyin (590) The heart meridian of hand—Shaoyin (590) The small intestine meridian of hand—Taiyang (590) The bladder meridian of the foot— Taiyang (592) The kidney meridian of foot—Shaoyin (592) The circulation sex or pericardium of hand—Jueyin (593) The triple warmer of sanjiao meridian of hand—Shaoyang (593) The gall- bladder meridian of foot—Shaoyang (594) The live ^t meridian of foot—Jueyin (594) The Eight Extra Meridians (595) Du mai, the black midline meridian (595) Ren mai, the front midline meridian (595) Chong mai, the vital meridian (596) Dai mai, the belt meridian (596) Yang chiao mai, the motility meridian of Yang (596) Yin chiao mai, the motility meridian of Yin (596) Yangwei mai, the regulating meridian of Yang (598) Yinwei mai, the regulating meridian of Yin (598) Acupuncture Points and Their Functions (598) Rules for Selecting Points (503) Diseases That May Be Treated By Acupuncture (604) Location of Acupuncture Points (616) On the large intestine meridian of hand— Yangming (616) On the stomach meridian of foot—Yangming (617) On the spleen meridian of foot—Taiyin (618) On the heart meridian of hand—Shaoyin (619) On the small intestine meridian of hand— Taiyang (620) On the bladder meridian of foot—Taiyang (622)	

On the kidney meridian of foot—Shaoyin (625) On the pericardium (circulation sex) meridian of hand—Jueyin (626) On the sanjiao (triple wanner) meridian of hand—Shaoyang (626) On the gall-bladder meridian of foot—Shaoyang (628) On the liver meridian of foot—Jueyin (631) On the du, (back midline) meridian (632) On the ren (front midline) meridian (632) Other extraordinary points (633) Moxibustion (634).

ACUPUNCTURE IN THE TREATMENT OF	
INTRACTABLE PAIN	641
Methods (641) Results (642) Discussion (644) Conclusion (646).	
INHIBITORY EFFECT OF ACUPUNCTURE ON	
VISCERO-SOMATIC REFLEX DISCHARGE	648
Methods (648) Results (648) Discussion (657).	
OTHER HEALING SYSTEMS	659
Hydrotherapy (659) Sun Therapy (660) Cupping (660) Bone-setting (662) Health by Magic (662) Health by Prayer (663)	
REMEDIES FOR DIFFERENT DISEASES	665
Remedies for Skin Diseases (665) Remedies for Female Diseases (666) Remedies for Eye Ailments (666) Aphrodisiac Medicines (667) Other Drugs (672)	
METHODS OF DIAGNOSIS IN CHINA	674
DEVELOPING CHINA'S MEDICAL SCIENCE	
INDEPENDENTLY & SELF-RELIANTLY	682
PROGRESS IN INTERNAL MEDICINE IN CHINA	690
Parasitic and Infectious Diseases (692) Cardio-Vascular and Renal Diseases (701) Diseases of Digestive System (706) Diseases of the Respiratory System (709) Diseases of Endocrine System and Metabolism (713) Occupational Diseases (116) Concluding Remarks (717)	
STUDIES AND CONTROL OF PARASITIC	
DISEASES IN CHINA	719
Malaria Control (719) Mass Movement (721) Studies on Kala-Azar (724) Sand fly fauna and its geographical distribution (729) Seasonal distribution (730) Activity (731) Feeding habits and blood preference (732) Life cycle and breeding habits (733) Other bionomical observations (734) Studies on Filariasis (744) Rate of infection (744) Acute manifestation (745) Index of filarial endemicity (746) Diagnosis and Treatment (749) Thick-drop films (749) Provocative test with hetrazan (750) Concentration method (750) Treatment of patient with micro-filariae (750) Treatment of condition resulting from lymphatic obstruction in filariasis (752) Destruction of adult mosquitoes (754) Results of mosquito control (755) First Country to Wipe out Schistosomiasis (754)	
PUBLIC HEALTH SERVICE	760
People's Republic of China (760) Attention to Health Work (761) A Regular Campaign (761) Prevention is Better than Cure (762) Stress on Rural Areas (763) Patriotic Health Movement (764) Mao's 26-June Directive (765) Impact of the Directive (766) Health Work Under Red Cross (768)	

MOTHER AND CHILD HEALTH	769
The Role of the Family (769) Health Care for Women (769) Health Care for Children (773)	
NUTRITION AND HEALTH	777
BAREFOOT DOCTORS AND RED WORKER MEDICS	784
Barefoot Doctors (784) Red Worker Medics (800)
