

NEW MONTE ROSA HUT SAC
Self-sufficient building in the high Alps

ETH Zurich (ed.)

CONTENTS

- 13 **The work of ecological pioneers** *Ralph EiMer*
- 14 **From anniversary project to built structure** *MeinmdK.Eberle*
- 16 **Challenges for the SAC** *Reto Jenatsch*
- 17 **The mountain hut as tourist facility** *Franz Steinegger*
-
- 21 **Building in the mountains** *Adolph Stiller*
- 38 **The discovery of the peaks** *Marie-Anne Lerjen*
- 55 **The hut enters the modern era** *Akos Moravanszky, Andrea Deplazes, David Gugerli*
- 67 **Base camp for ecological construction** *Paul Knüsel*
- 76 **Self-sufficient?** *Akos Moravanszky*
-
- 101 **Architecture** *Andrea Deplazes, Marcel Baumgartner*
- 114 **ETH Studio Monte Rosa** *Andrea Deplazes, Marcel Baumgartner*
- 123 **Principal** *Peter Planche*
- 124 **SAC hut construction** *Peter Büchel*
- 126 **Structure** *Tivadar Puskas Jan Stebler*
- 131 **Timber construction** *Hansbeat Reusser*
- 151 **Fire protection** *Hansbeat Reusser, Mario Fontana*
- 152 **Geology** *Charles-Louis Joris*
- 171 **Building physics** *Christoph Keller* •
- 172 **Energy and building technology** *Matthias Sulzer, Urs-Peter Mend*
- 175 **Building automation** *Lino Guzzella, Samuel Fux*
- 186 **Sustainability** *Stefanie Hellweg, Melanie Goymann*
- 188 **Digital fabrication** *Fabio Gramazio, Matthias Kohler, Tobias Bonwetsch, Ralph Bartschi*
- 203 **Building process** *Hans Zurniwen, Sacha Menz*
- 204 **Firms** *Marcel Baumgartner, Hans Zurniwen*
-
- 210 **Organisation, planners/designers, chronology,
facts and figures, patrons and sponsors**
