

# European Red List of Saproxylic Beetles

Compiled by Ana Nieto and Keith N.A. Alexander

# Table of contents

<b>Foreword</b> .....	iv
<b>Acknowledgements</b> .....	v
<b>Executive summary</b> .....	vii
<b>1. Background</b> .....	1
1.1 The European context.....	1
1.2 European saproxylic beetles: diversity and endemism.....	2
1.3 Threatened status of species.....	4
1.4 Objectives of the assessment.....	4
<b>2. Assessment methodology</b> .....	6
2.1 Global and regional assessments.....	6
2.2 Geographic scope.....	6
2.3 Taxonomic scope.....	6
2.4 Assessment protocol.....	9
2.5 Review workshop and evaluation of the assessments.....	9
<b>3. Results</b> .....	10
3.1 Threatened status of saproxylic beetles.....	10
3.2 Status by taxonomic group.....	11
3.3 Spatial distribution of species.....	14
3.3.1 Spatial distribution of species.....	14
3.3.2 Distribution of threatened species.....	14
3.3.3 Endemic species richness.....	14
3.4 Major threats to saproxylic beetles in Europe.....	16
3.5 Demographic trends.....	17
<b>4. Discussion</b> .....	18
4.1 Status and population trends of European saproxylic beetles.....	18
4.2 Major threats to European saproxylic beetles.....	19
4.3 Protection of habitats and species in Europe.....	20
4.4 Protection of habitats and species in the EU.....	21
4.5 Conservation management of saproxylic beetles in the EU.....	23
4.6 Extinction risk versus conservation status.....	23
4.7 Red List versus priority for conservation action.....	24
<b>5. Conclusion</b> .....	25
5.1 Application of project outputs.....	25
5.2 Future work.....	26
<b>References</b> .....	27
<b>Appendix 1. Red List status of European saproxylic beetles</b> .....	29
<b>Appendix 2. Methodology for spatial analyses</b> .....	38
<b>Appendix 3. Example species summary and distribution map</b> .....	39
