

FOCUS

Water for life - LIFE for water

Protecting Europe's water resources

Water

environment

Foreword..... 1

Policy And Legislation ... 3

- LIFE Environment and EU water policy 3
- Challenges in water policy 5

Dealing with water scarcity and climate change 9

- Water scarcity: running dry..... 10
- LIFE and water scarcity . 12
- Italy: Going underground with CAMI 15
- Greece: Planning for the future 17
- Spain: LIFE counters desert threat 19

Addressing hydromorphological alterations .. 21

- Reducing the impact of river alterations 22

LIFE and hydromorphological alterations 25

- Finland: Partnership protects a river basin..... 27
- Austria: River restoration in an urban area..... 29
- Hungary: Flood control in the Tisza river plain..... 31

Helping implement the Marine Strategy Framework Directive ... 33

- Setting the scene: Safeguarding the future of Europe's seas 34
- LIFE and the EU marine strategy..... 37
- Sweden: developing ICZM in Baltic Sea woodlands 39
- France: LIFE MARECLEAN risk analysis to reduce pollution..... 41
- United Kingdom: Managed realignment in coastal estuaries..... 43

Reducing eutrophication..... 45

- Eutrophication: setting the scene for nutrient reduction..... 46
- Learning from LIFE 49
- Denmark: LIFE addresses agricultural eutrophication..... 51
- Germany: Stakeholder participation key to reducing nitrogen pollution from farming..... 53
- Estonia: Sustainable and cost-effective solutions for cleaner water 55

Conclusions: Water for life - LIFE for water..... 57

- Closing speech from the conference..... 58
- Water for life - LIFE for water: projects poster session..... 61
