FOREWORD	1	LIFE and Endangered Fish Species	33	Heathlands	55
STATUS REPORTS		LIFE support for Italy's endangered Cobice sturgeon ..	33	LIFE demonstrates how to regenerate lowland and alpine heathlands	55
SUPPORT ACTION	3	Better rivers for healthier fish: salmon conservation in Scotland	35	Wetlands	57
Conservation status reports confirm need for greater action..	3	LIFE and Mediterranean freshwater fish.....	36	LIFE helps restore vital wetland ecosystems.....	57
LIFE: improving conservation status	7	LIFE Improving Plant Species	38	LIFE supports blanket bog restoration in the UK and Ireland	58
SPECIES	11	LIFE innovations benefit Europe's flora.....	38	Blocking ditches to bring back aapa mires.....	60
Mammals	12	LIFE and plant micro-reserves ..	39	Raised bog restoration in Europe.....	62
LIFE promotes bat conservation	12	Successful LIFE support for endangered Italian daisies	40	Other Wetlands	65
LIFE's contribution to brown bear conservation	15	HABITATS	40	Restoring coastal lagoons to a favourable status.....	65
Securing a future for the Arctic fox.....	18	Forests	42	LIFE aids Mediterranean temporary ponds	66
A viable future for the monk seal.....	19	Preserving priority palm forest habitat on Crete	42	LIFE conservation of a special habitat: petrifying springs with tufa formation.....	68
LIFE boost for critically endangered Iberian lynx	21	Sustaining the favourable conservation status of Italian Mediterranean beech forest habitats	43	Wet Forests	69
LIFE support for critically endangered European mink.....	23	LIFE support for Europe's Atlantic Forests	45	LIFE conserving wet forests.....	69
Amphibians and Reptiles	24	LIFE boosts black pine forest habitats in southern Europe.....	48	Grasslands	71
LIFE helps Europe's herpetofauna	24	Dune Habitats	50	Stepping up actions to conserve pannonic grasslands	71
Loggerhead turtles' long-term survival through LIFE	26	Atlantic coast LIFE projects attempt to reverse dune deterioration.....	50	Concerted action to halt the decline of Nardus grasslands ..	73
LIFE and Less-Known Species	27	A coastline under pressure: Mediterranean dunes	52	Regeneration and protection of species-rich dry calcareous grasslands.....	75
LIFE benefit for freshwater pearl mussels	27	Protecting Posidonia in the Mediterranean.....	54	Safeguarding Fennoscandian wooded pastures and meadows	77
Bolstering butterfly populations through LIFE.....	29			Project Index	79
The reintroduction of the white-clawed crayfish	31			List of available LIFE Nature publications	81
