

# EU bioenergy potential from a resource-efficiency perspective

# Contents

---

<b>Acknowledgements</b> .....	<b>4</b>
<b>Executive summary</b> .....	<b>5</b>
<b>1 Introduction</b> .....	<b>8</b>
1.1 Role and limits of renewable energy technologies in enhancing resource efficiency.....	8
1.2 Extent and complexity of bioenergy's environmental impact .....	9
1.3 The EU framework for expanding bioenergy production .....	10
1.4 The need to understand energy cropping's land use impacts .....	11
<b>2 Types of bioenergy and their role in the renewable energy mix</b> .....	<b>14</b>
2.1 Bioenergy sources and technologies .....	14
2.2 Bioelectricity .....	15
2.3 Bio-heating .....	15
2.4 Transport fuels .....	15
2.5 Summing up: a brief reflection on efficiency .....	16
<b>3 Assessing the environmental performance of bioenergy</b> .....	<b>18</b>
3.1 Introduction and framework .....	18
3.2 Effects of land use change .....	19
3.3 Direct environmental impacts of changes in land use and management.....	20
3.4 Estimates of ILUC effects on GHG emissions .....	21
3.5 Forest biomass and the 'carbon debt' debate .....	24
<b>4 Approach to analysing EU energy cropping potential</b> .....	<b>26</b>
4.1 Introduction .....	26
4.2 Tools used in the analysis.....	26
4.3 Summary of bioenergy pathways in each storyline .....	28
4.4 Review of uncertainty factors.....	29
4.5 Brief reflection on analytical system boundaries .....	32
<b>5 Key outcomes of storyline analysis</b> .....	<b>33</b>
5.1 The impact of ILUC effects on the GHG efficiency of energy cropping .....	33
5.2 Storyline outcomes for total EU bioenergy potential and energy crop mixes .....	34
5.3 Strong variation of bioenergy GHG performance between storylines.....	38
5.4 Effect of bioenergy choices and environmental constraints on ecosystem impacts ....	40
5.5 Environmental aspects of current energy cropping trends.....	42
<b>6 Key lessons learned and issues for further research</b> .....	<b>44</b>
6.1 Bioenergy and resource efficiency .....	44
6.2 Implications for bioenergy policies and practice.....	46
6.3 Reflections on methodology and scope for further analysis .....	48
<b>Glossary</b> .....	<b>51</b>
<b>References</b> .....	<b>53</b>
<b>Annex 1 Key differences with earlier EEA studies</b> .....	<b>57</b>
<b>Annex 2 Overview of main storyline assumptions</b> .....	<b>60</b>
