ROYAL BOTANIC GARDEN EDINBURGH

1998

# CONTENTS

Introduction	1
References	3
I CANTHARELLACEAE & GOMPHACEAE	
Key to genera	14
Genera	
1. <i>Cantharellus</i> .....	15
2. <i>Craterellus</i> .....	26
3. <i>Pseudocraterellus</i> .....	27
4. <i>Gomphus</i> .....	29
II TRICHOLOMATACEAE	
Amyloid-Spored Genera	
Key to genera	32
Genera	
1. <i>Cystoderma</i> .....	36
2. <i>Squamanita</i> .....	43
3. <i>Cantharellula</i> .....	48
4. <i>Clitocybula</i> – see xeruloid agarics	
5. <i>Leucopaxillus</i> .....	50
6. <i>Melanoleuca</i> .....	54
7. <i>Porpoloma</i> .....	77
8. <i>Pseudoclitocybe</i> .....	80
9. <i>Pseudoomphalina</i> .....	83
10. <i>Baeospora</i> – see xeruloid agarics	
11. <i>Delicatula</i> .....	87
12. <i>Dermoloma</i> .....	87
13. <i>Fayodia</i> .....	93
14. <i>Gamundia</i> .....	94
15. <i>Myxomphalina</i> .....	97
16. <i>Xeromphalina</i> – see xeruloid agarics	
17. <i>Panellus</i> .....	98
Xeruloid taxa	
Key to genera	106
Genera	
1. <i>Baeospora</i> .....	107
2. <i>Clitocybula</i> .....	109
3. <i>Delicatula</i> .....	110
4. <i>Gerronema</i> .....	111

5. <i>Gymnopus</i> .....	114
6. <i>Hemimycena</i> .....	116
7. <i>Hydropus</i> .....	131
8. <i>Megacollybia</i> .....	135
9. <i>Mycenella</i> .....	137
10. <i>Oudemansiella</i> .....	141
11. <i>Resinomycena</i> .....	142
12. <i>Strobilurus</i> .....	143
13. <i>Xeromphalina</i> .....	147
14. <i>Xerula</i> .....	149
Ecological list of species	154
Index of synonyms and misidentifications	159
Rejected names	167
Index of epithets mentioned in observations	168
Index of species described	172
Figures	176
