CONTENTS

	<i>Page</i>
Introduction	1
The Name	3
Origin of the American Wapiti	5
The American Forms of Elk	9
Early Elk Distribution in America	19
Elk Habitat	47
<i>Cervus canadensis nelsoni</i>	47
<i>Cervus canadensis canadensis</i>	54
<i>Cervus canadensis manitobensis</i>	54
<i>Cervus canadensis merriami</i>	54
<i>Cervus canadensis roosevelti</i>	54
<i>Cervus nannodes</i>	55
Old world deer of the genus <i>Cervus</i>	55
Life Zones	57
Migration	59
The cause of migration	61
The migratory habit	64
Physical Characters	69
Size and weight	69
Pelage and coloration	72
Antlers	76
The teeth and their development	90
Growth of the skull	106
Glands	108
Dung	108
Tracks and gait	110
Jumping	112
Swimming	113
Voice	113
Longevity	120

Reproduction	123
Sexual development and breeding	123
The rut	124
The wallow	129
The battle	130
Physical effect of the rut	132
Gestation period	132
Calving	133
The elk calf	134
Rate of increase	138
Natural Enemies	145
Mountain lion	145
Bobcat	147
Wolf	149
Coyotes	151
Domestic dog	153
Bears	154
Eagles	155
Accidental Deaths	157
Drowning	157
Miring	158
Fighting	159
Barbed wire	159
Miscellaneous	159
Parasites	163
Flies	163
Ticks	165
Scabies	166
Lice	169
Tapeworms	169
Nematodes	169
Liver flukes	170
Botfly larvae	170
Effect of parasites	171
Disease	173
Hernia	173
Blindness	173
Staphylococcus	174
Sarcocystis	174
Arthritis	174
Tumors	175
Hemorrhagic septicemia	175
Infectious abortion	175

	<i>Page</i>
Mortality of newborn calves	176
Necrotic stomatitis	177
Starvation	188
Varied Opinions on the "Elk Problem"	191
Starvation	191
Orphan calves	191
Sudden change of diet	192
Feeding begun too late	192
Ticks	193
Salting	193
Conclusion	193
Food Habits	195
Methods of study	195
Plants eaten by the Rocky Mountain elk	196
Plants eaten by the Roosevelt elk	243
Plants eaten by the tule elk	253
Plants eaten by the Merriam elk	254
Food competition on the elk range	255
Elk Habits	259
General habits	259
The herding habit	261
Play	261
Reaction to climatic conditions	262
Reaction to man	264
The Elk Population	267
The herd habit	267
Significance of the birth rate	269
Sex ratios	271
Fluctuations	277
Natural selection and balance of nature	281
Elk Hunting	285
Elk Management	289
Objectives	289
Elk census	290
Carrying capacity	292
Competition for food on elk range	296
Preserving the range	301
Artificial fluctuations	302
Artificial feeding	305
Elk domestication	306
Handling elk	307
Salting	309

	<i>Page</i>
Damage by elk	313
Predatory animal control	314
Hunting regulations	315
Elk refuges	317
Reintroducing elk	319
Some elk management problems	322
Maintaining standards	328
Bibliography	333
Index	363

ILLUSTRATIONS

<i>Plate</i>	<i>Following Page</i>
<i>Frontispiece</i> —Reproduction of a painting by Walter A. Weber	
1. Rocky Mountain elk, in velvet	20
2. Tule elk	21
3. Habitat of Rocky Mountain elk	52
4. Bull elk	84
5. Rocky Mountain elk	84
6. Rocky Mountain elk	84
7. Elk at Jackson, Wyoming	84
8. Two-year-old Rocky Mountain elk	116
9. Bull elk in velvet	116
10. Deciduous incisors of calf elk	116
11. Upper canines of female elk	116
12. Canines and incisors of cow elk	148
13. Band of elk on summer range	148
14. Elk in Yellowstone National Park	148
15. Elk wallow and lick	148
16. Elk calves, <i>Cervus c. nelsoni</i>	148
17. Elk calves, <i>Cervus c. roosevelti</i>	148
18. Scabby cow elk	180
19. Elk afflicted with necrotic stomatitis	180
20. Effects of necrotic stomatitis	180
21. Effects of necrotic stomatitis	180
22. Examples of malnutrition	212
23. Elk feeding habits	212
24. Elk feeding on Douglasfir	244
25. Winter range	244
26. Summer range	276
27. Elk trap	308
28. View of National Elk Refuge	308
29. National Elk Refuge ranges	308

<i>Figure</i>	<i>Page</i>
1. Red deer and elk	6
2. Antlers of Roosevelt elk	10, 11
3. Antlers of Rocky Mountain elk	12
4. Antlers of Merriam elk	13
5. Fossil elk antlers	16
6. Original distribution of wapiti	20
7. Two-directional migration	66
8. Some first antler types	78, 79
9. Second antler types	80
10. Shed antler of spike bull	84
11. Palmated antler	85
12. Unusual antlers	86
13. Abnormal antler	87
14. Abnormal antler	87
15. Skull of antlered female	88
16. Development of molariform teeth	89
17. Development of molariform teeth	92, 93
18. Development of incisors	94
19. Development and wear of incisors	96
20. Development of canines	99
21. Teeth of old females	102
22. Development of skull	105
23. Male skulls	107
24. Elk droppings	109
25. Tracks of calf and cow	111
26. Track of adult cow	111
27. Elk trotting	112
28. Swimming elk	113
29. Abnormal hind hoof	160
30. Shadbush overbrowsed by elk	182
31. Dogwood overbrowsed by elk	184
32. Shipments of live elk from Yellowstone National Park, Wyo.	320
