Edition Detail

**DETAIL Practice**  
Concrete

**Contents**

**7 The material concrete**

- 8 The evolution of reinforced concrete
- 10 The basics of concrete technology
- 19 The properties of concrete
  
- Special types of concrete:
- 26 Translucent concrete
- 32 Textile-reinforced concrete
- 38 Lightweight wood particle concrete
- 45 Sustainability and recycling

**49 Designing with concrete**

- 50 Building with precast concrete elements
- 58 Designing with concrete
- 58 Defining responsibilities
- 60 Contractual relationship
- 61 Bill of quantities (BOQ)
- 64 The building contract
- 68 Quality and site management
  
- Examples of surface finishes:
- 72 Polished concrete
- 74 Relief concrete
- 76 Rough texture

**79 Fair-face concrete**

- 80 The design of fair-face concrete structures
- 88 Fair-face concrete surfaces
- 90 Fair-face concrete - design and construction
- 92 Data sheet as design aid
- 94 Fair-face concrete classes
- 97 Formwork panel classes
- 99 Design and award of contract
- 102 Assessment

**105 Appendices**

- 106 Standards and guidelines/Institutions
- 107 Bibliography
- 108 Index
- 110 Picture credits
