Modernizing Processes in Public Administrations

Process Management in the Age
of e-Government and New Public
Management

Springer

Contents

Foreword for international readers	V
Foreword to the 2nd German edition	VII
Foreword to the 1st German edition	IX
Contents.....	XIII
Table of illustrations	XVII
Tables.....	XXI
Abbreviations.....	XXIII
1 Process-Oriented Administration Modernisation	1
1.1 Public Administration as the Object of Modernisation	1
1.1.1 Structure and Organisation of Public Administration	1
1.1.2 Tasks and Competences of Public Administration.....	4
1.1.3 Principles of Administrative Action in Germany	7
1.2 Triggers and Goals of Administration Modernisation	9
1.2.1 External Triggers: Societal Trends.....	9
1.2.2 Internal Triggers: Deficiencies of the Bureaucratic Administration Model	12
1.2.3 Modernising Administration through New Management Concepts	14
1.2.4 Administration Modernisation through Information Technology.....	21
1.3 Process Design as the Core of Administration Modernisation.....	25
1.3.1 The Organisational Structure View of Public Administration.....	25
1.3.2 The Process-Oriented View of Public Administration	30
1.3.3 The Classical Procedure for Process Design	40
1.3.4 The Process Landscape as New Field of Action of Process Design.....	41

2	Process Modelling as an Instrument of Administration Modernisation	44
2.1	Foundations of Process Modelling.....	44
2.1.1	The Definition of "Model" and Model Properties	45
2.1.2	The Construction Process of Models.....	48
2.1.3	Principles of Orderly Modelling.....	51
2.1.4	Description Levels and Information Contents of Process Models.....	55
2.1.5	Benefits of Process Modelling	62
2.2	Traditional Methods of Process Modelling.....	65
2.2.1	Event-driven Process Chain (EPC)	65
2.2.2	Business Process Modelling Notation (BPMN).....	71
2.3	Challenges of Process Modelling in Public Administrations	76
3	Process Modelling with the PICTURE Method.....	83
3.1	Overview of the PICTURE Method.....	83
3.1.1	Components of the PICTURE Method and their Interplay	84
3.1.2	Example of the PICTURE Method	91
3.1.3	Attributes of the PICTURE Method.....	94
3.2	Process Building Blocks and their Attributes	96
3.2.1	The Principle of Process Building Blocks.....	96
3.2.2	Process Building Blocks for the Objective Description of Administrative Action.....	100
3.2.3	The Dilemma of the Process Description.....	130
3.3	Process Description through Processes and Subprocesses.....	134
3.3.1	Subprocesses and their Attributes	135
3.3.2	Processes and Their Attributes	139
3.3.3	Representation of the Control Flow	143
3.3.4	Reference Processes and Examples of Processes.....	150
3.4	Further Model Views and Their Attributes	160
3.4.1	The Organisational Model.....	160
3.4.2	The Resources Model.....	166
3.4.3	The Business Object Model	170
3.5	Process Catalogue for Model Administration	174
3.5.1	Process Types.....	176
3.5.2	Product Catalogue	179
3.5.3	Situations.....	184
3.6	Tool Support through the PICTURE Process Platform.....	186
3.6.1	Process Register	187
3.6.2	Process Modelling.....	189
3.6.3	Process Visualisation.....	190
3.6.4	Process Analysis.....	191
4	Guideline for Using the PICTURE Method.....	192
4.1	Project Management	192
4.1.1	Stipulating Project Goals.....	193

4.1.2	Stipulation of Fields of Action	198
4.1.3	Preparing the Project Plan	202
4.1.4	Establishing the Project Organisation	204
4.1.5	Setting up Project Controlling	206
4.1.6	Critical Success Factors	209
4.1.7	Checklist.....	213
4.2	Preparing for Modelling.....	214
4.2.1	Stipulate the Information Needs for Achieving Objectives.....	214
4.2.2	Preparing Methods on a Project-Specific Basis	216
4.2.3	Information from Project Participants	220
4.2.4	Checklist.....	221
4.3	Modelling the Process Landscape.....	222
4.3.1	Identify Processes.....	222
4.3.2	Selection of Recording Scenarios.....	225
4.3.3	Development of Method Competence.....	228
4.3.4	Recording the Processes.....	229
4.3.5	Consolidating the Processes	233
4.3.6	Checklist.....	235
4.4	Using and Designing the Process Landscape.....	235
4.4.1	Direct Use of the Process Landscape	236
4.4.2	Assessment of the Condition	236
4.4.3	Ex-Ante Potential Measuring of Reorganisation Measures.....	237
4.4.4	Measuring the Success of Reorganisation Measures Ex-Post ...	238
4.5	Process Landscape Maintenance through Continuous Process Management	239
4.5.1	Necessity of Continuous Process Management.....	239
4.5.2	Phases of Continuous Process Management	240
4.5.3	Organisational Anchoring of Process Responsibility	242
4.5.4	Checklist.....	245
5	Application Areas for PICTURE	246
5.1	Creating Transparency	246
5.1.1	Process Documentation	246
5.1.2	Knowledge Management.....	248
5.1.3	Customer Transparency.....	250
5.2	Introduction of New Control Instruments	253
5.2.1	Product Formation.....	253
5.2.2	Process Cost Accounting.....	259
5.2.3	Quality Management.....	265
5.3	Identifying Reorganisation Potential.....	271
5.3.1	Effectivity Potential by Leaving out Tasks	271
5.3.2	Efficiency Potential through Organisation Simplification	273
5.3.3	Efficiency Potential through Electronic Case Processing	279
5.3.4	Evaluating the Success of Reorganisation Measures.....	284
5.4	Administration-Overlapping Application Areas	287
5.4.1	Development of a Local Authority Process Register	287

5.4.2	Process-Oriented Transposition of the EU Services Directive..	296
5.4.3	Measuring the Costs of Bureaucracy with the Standard Costs Model (SCM)	304
5.5	Other Application Possibilities	316
6	Bibliography	320
7	Index.....	328
8	Authors.....	334
