

MARKETING RESEARCH

INTERNATIONAL
STUDENT
VERSION

ELEVENTH EDITION

DAVID A. AAKER

E. T. Grether Professor of Marketing and Public Policy
University of California, Berkeley

V KUMAR

Richard and Susan Lenny Distinguished Chair Professor
in Marketing,
Director of the Marketing Ph.D. Program, and
Executive Director, Center for Excellence in Brand and Customer
Management
Georgia State University

ROBERT P. LEONE

J. Vaughn and Evelyne H. Wilson Chair and
Professor of Marketing
Neeley School of Business, Texas Christian University

GEORGE S. DAY

Geoffrey T. Boisi Professor of Marketing, and
Director of the Huntsman Center
for Global Competition and Innovation
Wharton School, University of Pennsylvania

WILEY

CONTENTS

PART I THE NATURE AND SCOPE OF MARKETING RESEARCH

CHAPTER 1 A Decision-Making Perspective on Marketing Intelligence, 1

- Learning Objectives, 1
- An Overview of Business Intelligence, 1
- Introduction to Marketing Intelligence, 3
- Marketing Research, 6
- Role of Marketing Research in Managerial Decision Making, 9
- Factors That Influence Marketing Research Decisions, 17
- Use of Marketing Research, 18
- Ethics in Marketing Research, 19
- The Respondent's Ethics and Rights, 20
- International Marketing Research, 22
- Summary, 24
- Questions and Problems, 24
- End Notes, 24

CHAPTER 2 Marketing Research in Practice, 26

- Learning Objectives, 26
- Information System, Decision Support Systems, and Marketing Research, 27
- Marketing Decision Support Systems, 29
- Suppliers of Information, 33
- Criteria for Selecting External Suppliers, 38
- The International Marketing Research Industry, 38
- Career Opportunities in Marketing Research, 39
- Summary, 40
- Questions and Problems, 41
- End Notes, 41

CHAPTER 3 The Marketing Research Process, 42

- Learning Objectives, 42
- Overview of the Marketing Research Process, 42
- The Preliminary Stages of the Marketing Research Process, 44
- Planning a New HMO, 53
- The International Marketing Research Process, 56
- Summary, 59
- Questions and Problems, 59
- End Notes, 60
- Appendix: The Value of Research Information Using Bayesian Decision Theory, 60

CHAPTER 4 Research Design and Implementation, 63

- Learning Objectives, 63
- Research Approach, 65
- Research Tactics and Implementation, 71
- Budgeting and Scheduling the Research Project, 73
- Research Proposal, 74
- Designing International Marketing Research, 77
- Issues in International Research Design, 78
- Summary, 80
- Questions and Problems, 81
- End Notes, 81
- Appendix: Errors in Research Design, 81

PART II DATA COLLECTION

SECTION A: SECONDARY AND EXPLORATORY RESEARCH

CHAPTER 5 Secondary Sources of Marketing Data, 84

Learning Objectives, 84
Secondary Data, 84
Uses of Secondary Data, 85
Benefits of Secondary Data, 86
Limitations of Secondary Data, 86
Internal Sources of Secondary Data, 87
External Sources of Secondary Data, 89
Census Data, 94
North American Industry Classification System, 96
Appraising Secondary Sources, 97
Applications of Secondary Data, 98
Sources of Secondary Data for International Marketing Research, 101
Problems Associated with Secondary Data in International Research, 202
Applications of Secondary Data in International Research, 102
Summary, 103
Questions and Problems, 104
End Notes, 104

CHAPTER 6 Standardized Sources of Marketing Data, 206

Learning Objectives, 106
Retail Store Audits, 107
Consumer Purchase Panels, 107
Scanner Services and Single-Source Systems, 111
Media-Related Standardized Sources, 117
Applications of Standardized Sources of Data, 120
Summary, 121
Questions and Problems, 121
End Notes, 222

CHAPTER 7 Marketing Research on the Internet, 224

Learning Objectives, 224

Current Trends in Web Usage, 224
WWW Information for Marketing Decisions, 226
The Internet and Marketing Research Today, 230
The Internet and Marketing Research Developments, 240
Issues and Concerns, 243
Summary, 246
Questions and Problems, 246
End Notes, 247

CHAPTER 8 Information Collection: Qualitative and Observational Methods, 248

Learning Objectives, 248
Need for Qualitative Research, 148
Qualitative Research Methods, 249
Observational Methods, 265
Recent Applications of Qualitative and Observational Methods, 273
Summary, 275
Questions and Problems, 275
End Notes, 276
Appendix: Myths of Qualitative Research: It's Conventional, But Is It Wisdom?, 278

SECTION B: DESCRIPTIVE RESEARCH

CHAPTER 9 Information from Respondents: Issues in Data Collection, 282

Learning Objectives, 282
Information from Surveys, 282
Sources of Survey Error, 282
Methods of Data Collection, 287
Factors Affecting the Choice of a Survey Method, 287
Ethical Issues in Data Collection, 292
Summary, 293
Questions and Problems, 293
End Notes, 294

CHAPTER 10 Information from Respondents: Survey Methods, 295

Learning Objectives, 295
Collecting Data, 295
Surveys in the International Context, 225
Summary, 228
Questions and Problems, 229
End Notes, 220

CHAPTER 11 Attitude Measurement, 222
Learning Objectives, 222
What Are Attitudes?, 223
The Concept of Measurement and Scaling, 224
Types of Attitude Rating Scales, 227
General Guidelines for Developing a Multiple-Item Scale, 238
Interpreting Attitude Scales, 239
Choosing an Attitudinal Scale, 240
Accuracy of Attitude Measurements, 242
Scales in Cross-National Research, 245
Summary, 245
Questions and Problems, 246
End Notes, 247

CHAPTER 12 Designing the Questionnaire, 249
Learning Objectives, 249
Planning What to Measure, 250
Formatting the Question, 252
Question Wording: A Problem of Communication, 257
Sequence and Layout Decisions, 262
Questionnaire Design for International Research, 267
Summary, 269
Questions and Problems, 270
End Notes, 273

SECTION C: CAUSAL RESEARCH

CHAPTER 13 Experimentation, 274
Learning Objectives, 274
Descriptive versus Experimental Research, 275
What Constitutes Causality?, 276
Laboratory and Field Experiments, 278
Threats to Experimental Validity, 278
Issues in Experimental Research, 282
Types of Experimental Designs, 283
Guidelines for Conducting Experimental Research, 296

PART III DATA ANALYSIS

CHAPTER 16 Fundamentals of Data Analysis, 345
Learning Objectives, 345
Preparing the Data for Analysis, 346
Strategy for Data Analysis, 350
Cross-Tabulations, 353

Limitations of Experiments, 297
Summary, 299
Questions and Problems, 300
End Notes, 302

SECTION D: SAMPLING

CHAPTER 14 Sampling Fundamentals, 302
Learning Objectives, 302
Sample or Census, 302
Sampling Process, 303
Probability Sampling, 309
Nonprobability Sampling, 325
Shopping Center Sampling, 329
Sampling in the International Context, 322
Summary, 323
Questions and Problems, 324
End Notes, 325

CHAPTER 15 Sample Size and Statistical Theory, 327
Learning Objectives, 327
Determining the Sample Size: Ad Hoc Methods, 327
Population Characteristics/Parameters, 329
Sample Characteristics/Statistics, 330
Sample Reliability, 332
Interval Estimation, 333
Sample Size Question, 334
Proportions, 336
Coefficient of Variation, 337
Stratified Sampling, 339
Multistage Design, 340
Sequential Sampling, 340
Summary, 342
Questions and Problems, 342
End Notes, 343

Factors Influencing the Choice of Statistical Technique, 355
An Overview of Statistical Techniques, 357
Summary, 362
Questions and Problems, 362
End Notes, 362
Appendix: Choice of a Statistical Package, 363

CHAPTER 17 Hypothesis Testing: Basic Concepts and Tests of Associations, 364
 Learning Objectives, 364
 The Logic of Hypothesis Testing, 365
 Steps in Hypothesis Testing, 366
 Basic Concepts of Hypothesis Testing, 366
 Cross-Tabulation and Chi-Square, 370
 Summary, 378
 Questions and Problems, 378
 End Notes, 379

Relationship between Confidence Interval and Hypothesis Testing, 383
 Analysis of Variance (ANOVA), 385
 The Probability-Values (p -Values) Approach to Hypothesis Testing, 397
 Effect of Sample Size and Interpretation--^ of Test Results, 398
 Summary, 399
 Questions and Problems, 399
 End Notes, 400

CHAPTER 18 Hypothesis Testing: Means and Proportions, 380
 Learning Objectives, 380
 Commonly Used Hypothesis Tests in Marketing Research, 380

PART IV SPECIAL TOPICS IN DATA ANALYSIS

CHAPTER 19 Correlation Analysis and Regression Analysis, 402
 Learning Objectives, 402
 Correlation Analysis, 403
 Regression Analysis, 407
 Summary, 425
 Questions and Problems, 426
 End Notes, 428

CHAPTER 21 Multidimensional Scaling and Conjoint Analysis, 466
 Learning Objectives, 466
 Multidimensional Scaling, 466
 Attribute-Based Approaches, 466
 Summary of MDS, 475
 Conjoint Analysis, 476
 Summary of Conjoint Analysis, 483
 Questions and Problems, 483
 End Notes, 484

CHAPTER 20 Discriminant, Factor, and Cluster Analysis, 429
 Learning Objectives, 429
 Discriminant Analysis, 429
 Multiple Discriminant Analysis, 438
 Summary of Discriminant Analysis, 442
 Factor and Cluster Analysis, 442
 Factor Analysis, 442
 Summary of Factor Analysis, 452
 Cluster Analysis, 453
 Summary of Cluster Analysis, 463
 Questions and Problems, 463 * .
 End Notes, 464

CHAPTER 22 Presenting the Results, 486
 Learning Objectives, 486
 Guidelines for Successful Presentations, 486
 Written Report, 492
 Oral Presentation, 496
 Relationship with the Client, 499
 Summary, 499
 Questions and Problems, 499
 End Notes, 499

CHAPTER 23 Marketing-Mix Measures, 500

Learning Objectives, 500
 New-Product Research, 502
 Pricing Research, 522
 Distribution Research, 522
 Promotion Research, 529
 Total Quality Management, 529
 Information Requirements for Total Quality
 Management, 530
 Summary, 536
 Questions and Problems, 537
 End Notes, 538

CHAPTER 24 Brand and Customer Metrics, 542

Learning Objectives, 542
 Competitive Advantage, 542
 Brand Equity, 543
 Customer Satisfaction, 549
 Customer Satisfaction Measurement Process, 552
 Contemporary Applications of Marketing
 Intelligence, 555
 Maximizing Customer Profitability, 556
 Summary, 559
 Questions and Problems, 559
 End Notes, 560

CHAPTER 25 New Age Strategies, 562

Learning Objectives, 562
 Database Marketing, 562

E-Commerce, 572
 Mobile Marketing, 575
 Social Marketing, 578
 Experiential Marketing, 582
 Relationship Marketing, 583
 Recent Developments in Relationship Marketing, 584
 Word-of-Mouth Marketing, 589
 Customer Intelligence, 592
 Summary, 595
 Questions and Problems, 595
 End Notes, 596
 Appendix: Forecasting, 596
 End Notes for Appendix, 599

Appendix: Tables, 600

A-1. Standard Normal, Cumulative Probability in
 Right-Hand Tail for Positive Values of z ; Areas Are
 Formed by Symmetry, 600
 A-2. X^2 Critical Points, 602
 A-3. F Critical Points, 603
 A-4. t Cut-off Points for the Student's
 t -Distribution, 608
 A-5. Procedures for Conducting Univariate and
 Multivariate Analysis in SPSS, 609
 A-6. Output of Select Tables in SPSS, 623

Glossary, 624**Index, 635**
