

Rationality and the Reflective Mind

KEITH E. STANOVICH

OXFORD

UNIVERSITY PRESS

2011

Contents

1. Dual-Process Theory and the Great Rationality Debate	3
<i>The Great Rationality Debate</i>	6
<i>Individual Differences in the Great Rationality Debate</i>	10
<i>Dual-Process Theory: The Current State of Play</i>	16
<i>Properties of Type 1 and Type 2 Processing</i>	19
<i>Dual-Process Theory and Human Goals: Implications for the Rationality Debate</i>	22
<i>The Rest of This Book: Complications in Dual-Process Theory and Their Implications for the Concepts of Rationality and Intelligence</i>	25
2. Differentiating the Algorithmic Mind and the Reflective Mind	29
<i>Unpacking Type 2 Functioning Using Individual Differences</i>	31
<i>Cognitive Ability and Thinking Dispositions Partition the Algorithmic and the Reflective Mind</i>	35
<i>Intelligence Tests and Critical Thinking Tests Partition the Algorithmic from the Reflective Mind</i>	39
<i>Thinking Dispositions as Independent Predictors of Rational Thought</i>	43
3. The Key Functions of the Reflective Mind and the Algorithmic Mind that Support Human Rationality	47
<i>So-Called "Executive Functioning" Measures Tap the Algorithmic Mind and Not the Reflective Mind</i>	

4. **The Tri-Process Model and Serial Associative Cognition**
The Cognitive Miser and Focal Bias 63
Converging Evidence in the Dual-Process Literature 72
5. **The Master Rationality Motive and the Origins of the Nonautonomous Mind** 81
Metarepresentation and Higher-Order Preferences Si
What Motivates the Search for Rational Integration? \$6
The Master Rationality Motive as a Psychological Construct
Evolutionary Origins of the Master Rational Motive and Type 2 Processing go
6. **A Taxonomy of Rational Thinking Problems**
(Keith E. Stanovich and Richard F. West)
Dual-Process Theory and Knowledge Structures 93
The Preliminary Taxonomy 98
Heuristics and Biases Tasks in Terms of the Taxonomy 104
Multiply-Determined Problems of Rational Thought 112
Missing Input from the Autonomous Mind 113
7. **Intelligence as a Predictor of Performance on Heuristics and Biases Tasks**
(Keith E. Stanovich and Richard F. West)
Intelligence and Classic Heuristics and Biases Effects 125
Belief Bias and Myside Bias 133
Why Thinking Biases Do and Do Not Associate with Cognitive Ability 139
Cognitive Decoupling, Mindware Gaps, and Override Detection in Heuristics and Biases Tasks 143
8. **Rationality and Intelligence: Empirical and Theoretical Relationships and Implications for the Great Rationality Debate**
Intelligence and Rationality Associations in Terms of the Taxonomy 133
Summary of the Relationships 163
Individual Differences, the Reflective Mind, and the Great Rationality Debate 164
Skepticism About Mindware-Caused Irrationalities 170
9. **The Social Implications of Separating the Concepts of Intelligence and Rationality**
Broad Versus Narrow Concepts of Intelligence 173
Intelligence Imperialism 175

*Intelligence Misidentified as Adaptation and the
Deification of Intelligence* i Sj

Strategies for Cutting Intelligence Down to Size 18j

Society's Selection Mechanisms 186

10. **The Assessment of Rational Thought**

(Keith E. Stanovich, Richard F. West,
and Maggie E. Toplak)

A Framework for the Assessment of Rational Thinking

Operationalizing the Components of Rational Thought

The Future of Research on Individual Differences in

Rational Thought 243
